Chief Report:

Zonehaven – Pub Ed Officer Brown is now pushing out “Know Your Zone” in collaboration with the Towns. The Town of PV is reaching out to consultants to look at scenarios and best-case practices, and traffic studies with regards to evacuations. Since the Fire District includes both the Town of Woodside, Town of Portola Valley as well as County areas, Chief Lindner encouraged working together. The Town Managers, as well as the County Manager, met to discuss how to move forward.

Station 7 – The new building is still going through planning. The committee that was set up (consisting of firefighters, CJW Architects, subject matter experts) has been meeting regularly to review and make changes on the plans.

Station 8 – Chief Lindner stated that they met with the planning department last week to discuss how to proceed as an applicant. They have made significant edits to the drawings based on the feedback from the ASCC and concerns of the neighbors. All the neighbors have responded positively to the changes. It is envisioned that the project will move through planning next month.

COVID 19 – Vaccination process has been completed for the Fire District personnel. The Fire Service continues to assist the County with the vaccination process. The vaccination process has now been opened up to other healthcare workers, law enforcement, and some members of the public.
